Alt-right Nationalism, Antisemitism, Hate, Homophobia, Islamophobia, Religious Extremism and Terrorism are a common threat to our democracy, freedoms & human rights.

This Ramadan, alt-right groups have taken aim at us, the Muslim community and their allies. Among 20+ other cities, NYC is targeted for an anti-Muslim rally on June 10th.

Join us, in unity and strength! We call upon on New Yorkers and our communities of faith to show their love and visible support for our Muslim neighbors - and, all other targets of ignorance and hate. Join the Interfaith Center of New York & New York Disaster Interfaith Services in helping to build a more resilient NYC through celebrating the social and religious networks that sustain a just society for all.
